

Mathematics

Powerful programs, both print and dynamically online,
inspire student connections, explorations, and achievement.

Outcomes-focused Solutions

Our digital and textbook resources fully support the needs of today's mathematics students with innovative technology and mathematically precise content. Our programs encourage students to become confident lifelong learners.

Our digital and textbook resources fully support:

- AP® Exam preparation
- College and career readiness
- Success through proven pedagogy and renowned author teams

Digital Resources

Choose the digital resources that fit your course needs

Access exceptional mathematics content via the most powerful online homework solution, WebAssign®. WebAssign® engages students with immediate feedback, rich tutorial content, and an interactive, customizable eBook. Teachers have real-time assessment of student performance.

WebAssign® was developed by teachers, for teachers:

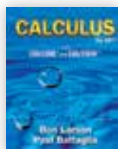

- Unparalleled customer service available everyday
- Choose from a wide variety of question types
- Customize assignments knowing all questions can be randomized
- A sophisticated gradebook allows easy assessment of student performance and needs
- Easily manage any class size, including classes with multiple periods

A cloud-based, highly personalized, learning environment that combines student learning tools into a single Learning Path

COLLEGE AND CAREER READINESS

MindTap™ Math Foundations

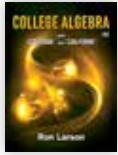

- Designed to offer a personalised learning experience that addresses the college and career readiness gap in grades 9–12
- Helps create confident learners who are accountable for their process as they study algebra concepts
- Allows students to learn new skills and engage with learning objectives in quick learning bursts that fit their lifestyle
- Gives teachers the ability to customize course content, track student and classroom progress, and more

 **MINDTAP** Math Foundations
From Cengage

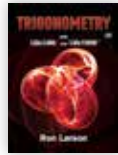

The Math ISBNs listed here are for the print Student Edition + 6-year online access to WebAssign or MindTap.
