

Science

Powerful programs, both print and dynamically online,
inspire student connections, explorations, and achievement.

Outcomes-focused Solutions

Our digital and textbook resources fully support 21st Century Skills development, Career Cluster pathways and College and Career Readiness. Our solutions—driven by innovative technology and authoritative content—center on outcomes that empower, engage, and help your learners achieve success in the classroom and beyond.

Digital Resources

Choose the digital resources that fit your course needs

- A cloud-based, highly personalized, learning environment
- Combines student learning tools—readings, multimedia, activities, and assessments—into a single Learning Path
- Teachers easily customize learning tools for their students, seamlessly introducing their own content
- Powerful class reports and analytics help teachers save time, measure progress, and improve outcomes
- Students can access a free phone app to access the eBook and study tools online or off

A chemist-developed homework solution with eBook that develops problem solving mastery

Inspire mastery of physics content with customizable online homework, robust tutorials, and an integrated eBook

OWL v2

A chemist-developed homework solution

- Developed by teaching chemists, OWL is the world's most widely used online chemistry solution
- OWL changes repeated problems — the chemical, numbers, and wording of questions — to ensure concept mastery and improve problem-solving skills
- Tutorials, interactive simulations, visualization exercises, an interactive eBook, and more address different learning styles
- OWL saves teachers time and helps them manage their class by capturing student grades and progress

ASTRONOMY

Foundations of Astronomy, 14e

Seeds / Backman

©2019

9780357082928

Horizons: Exploring the Universe, 14e
